OneLearn Global & Cyprus Marine and Maritime Institute Sign MoU to develop Collaboration

Recently launched OneLearn Global and the Cyprus Marine and Maritime Institute (CMMI) have signed a Memorandum of Understanding (MoU) with the aim of developing collaboration in the field of education & training, encompassing marine & offshore technology, marine robotics and maritime digitalisation.

OneLearn Global, a member of the Fameline Holding Group based in Limassol, Cyprus, was created to deliver modern-day digital eLearning training solutions to serve the maritime, energy, hospitality and industrial sectors, providing an enormously effective and intuitive next-gen world class, Learning Management System (LMS), incorporating modern learning techniques.

“Designed to deliver both an enhanced, engaging, yet personalised & intuitive, enjoyable learning experience through digitalisation, we truly see the CMMI as an effective and like-minded partner, who are clearly focused on driving sustainable blue growth through the needs of industry and society” said OneLearn Global senior advisor Nigel Cleave.

Zacharias Siokouros, CEO of CMMI expressed his pleasure in signing the MOU stating, “I see real opportunities for cooperation between our two organizations and we are already exploring some specific joint endeavours with the team at OneLearn Global”. He further stressed that “CMMI remains committed to its aim to become a partner of choice for all relevant blue economy research and innovation activities at local, regional, European and global levels”.

About Cyprus Marine and Maritime Institute (CMMI)

CMMI is an independent, international, scientific and business Centre of Excellence for Marine and Maritime Research and Innovation; established in 2019 following its selection for funding under the EU's HORIZON 2020 Programme, Spreading Excellence and Widening Participation Call, after a three-year highly competitive evaluation process among approximately 200 proposals at EU level. It was awarded €30 million funding from the EU Commission and the Cyprus Government while additional funds will be provided by partners and industry and academia stakeholders mainly as in-kind contributions. CMMI aims to drive sustainable Blue Growth by undertaking Research and Development activities that will be guided by the needs of Industry and Society.
